GLORIA'S GABBING

Thanks to the membership for their vote of confidence. Tom and I really enjoy the fellowship and the peaceful feelings that the woods bring at Mystic Springs. We had a successful installation of the new officers and board members by former Region Pres. Lois Kalthoff. Our annual meeting went well. Both the unit and park are holding their own. Thank you to our rally cooks, Mary Potter and Cheryl Cherry. Cheryl, also thanks for taking care of the reception after the installation. It was enjoyed by all.

Velma Foster did a great job as our president--planning, shopping, cooking, keeping track of hosts and park groups. Henry was a really great help--planning, repairing, trimming--and too many other things to list. It takes two on this job!

I am planning some new and different rallies which should be fun. I would appreciate your support and your presence at as many rallies as you can attend. We have a wonderful park so let's enjoy it.

It was so good to have Sandy and John Stumpf back at Mystic Springs. We hope to see a lot more of them now that his term as International President is complete.

Be collecting yard sale stuff for a sale in the Spring. We will provide a place to keep it so you can bring a little at a time.

Also, we will be preparing ten Christmas gifts (for seven women and three men) who have no one at Christmas. The Terrace, in Jay, is a place that needs our help. We plan to prepare the gifts in November at the rally. The seniors need personal items - shaving cream, hankies, soap, deodorant. They like old fashioned candy and cheese crackers. Bring what you can and we will go to the dollar store for the rest.

A special thanks to my other officers and board members for taking on their respective duties. I look forward to a great year.

As I said at the installation:

I have always enjoyed the fellowship and fun,

This group at Mystic Springs shows when we come.

Being an officer was never on my mind,

But as treasurer it worked out fine.

This coming year I 'll do my best,

The office of president will be a test!

With your help and support, we'll continue on

Enjoying our friends, our park: like a second home.

I will try hard not to make mistakes.

But just remember: "THIS IS THE JOB, NOBODY WANTED TO TAKE!"
